**Wheeler Wolfenden And Dwares, CPAs Named a Best of the Best Firm by INSIDE Public Accounting**

**Pike Creek, DE** (September 8, 2020) - **Wheeler Wolfenden and Dwares, CPAs (WW&D)** recently received top honors as one of only ten firms across the country designated “Best of the Best Under \$5 Million” as a result of INSIDE Public Accounting’s (IPA) Annual Survey and Analysis of Firms. This is the third year in a row WW&D has earned this prestigious accolade, also honored in 2018 and 2019. The 2020 Best of the Best firms produce superior financial results while planning for long-term, sustainable growth.

WW&D earned this distinction by delivering top-notch client service, sought-after benefits and professional development across the firm – hallmarks of the Best of the Best.

The Best of the Best is a tradition that stretches back more than 25 years. Responses from more than 540 firms who participated in this year’s IPA Survey and Analysis of Firms determined the Best of the Best selections. The survey ranks the top performers within the profession on more than 50 metrics.

“Best of the Best firms represent the top performers of their peer group, which is an exceptional accomplishment in the competitive world of public accounting. They excel by leaning in to help clients, being proactive, and seeking solutions – not just selling services,” says Michael Platt, principal of the Platt Group and publisher of the accounting trade publication, INSIDE Public Accounting. “And while most firms can boast ‘having good people,’ one hallmark that is common across Best of the Best firms is their ability to leverage their team and create employee opportunities by building a work environment that team members are excited about and proud to work for.”

“To those firms who have been on the Best of the Best list for many years, we offer a special tip of the hat,” says Kelly Platt, publisher of INSIDE Public Accounting. “Performing at a level of distinction year after year is a rare accomplishment that embodies what management guru Jim Collins describes as ‘moving from good to great.’”
